I. History and Overview

On May 8, 2007, at the request of a working group comprised of lodging industry representatives, the San Diego City Council (*City Council*) adopted the San Diego Tourism Marketing District Procedural Ordinance (SDMC Section 61.2501 et seq.) (*Procedural Ordinance*), which created a process for creating a tourism marketing district. Subsequently, on August 1, 2011, the *City Council* adopted amendments to the *Procedural Ordinance* specifying, among other things, a process by which such a district may be renewed. These amendments permit a renewal term up to forty (40) years.

The **San Diego Tourism Marketing District** (*District*) was established pursuant to the *Procedural Ordinance* effective January 1, 2008 for a five-year term that ends December 31, 2012. Developed by San Diego lodging businesses, the *District* is a benefit assessment district created to fully or partially fund marketing and sales efforts that directly benefit San Diego lodging businesses. This District Management Plan (*Plan*) proposes to renew the *District* for a period of thirty-nine and one-half (39.5) additional years and sets forth a plan for *District* activities and assessments during that renewal period.

District: The boundaries of the *District* are the same as the boundaries of the City of San Diego.

Benefit Categories: There will be two (2) benefit categories in the *District*. Each benefit category is designed so that the activities provided in connection with that category will confer exclusive privileges and a specific benefit directly to assessed businesses (current and future). These assessed businesses are defined in Appendix 1.

Lodging businesses benefitting under category A include all lodging businesses in the *District* with thirty (30) or more rooms. Lodging businesses benefitting under category B include all lodging businesses in the *District*, regardless of size.

Assessed businesses operating as of June 2012 are listed in Appendix 3.

Activities: Activities shall include unique and exclusive marketing and sales promotions to increase hotel room night consumption and market *District* lodging businesses as tourist, meeting, and event destinations. These activities and the estimated annual cost thereof are described by category in Section IV.

Administration: The District will be operated by a non-profit corporation representing the assessed businesses pursuant to an operating Agreement with the City of San Diego. The associated administration/operating costs of the non-profit and the City are outlined in Section IV.

Assessments: All assessment rates are based on the privileges directly conferred and specific benefit directly received by assessed businesses from the activities provided within each category and are levied on “Assessable Rent” which is based on gross room rental revenue less exempt revenues, of those benefitting businesses. Annual assessment rates are as follows:

- **Benefit Category A Rate: 1.45%** - applied to Assessable Rent of qualifying lodging businesses.
- **Benefit Category B Rate: 0.55%** - applied to Assessable Rent of qualifying lodging businesses.

In summary, lodging businesses with 30 or more rooms will be assessed at a total rate of 2% (Category A + Category B). All other lodging businesses will be assessed at a total rate of 0.55% (Category B only).

Pursuant to this Plan, assessable Rent does not include revenue from stays where:

- the transient has exercised occupancy or was entitled to occupancy for one month or more; or
- the total space rental charge is twenty-five dollars (\$25.00) a day or less, or the accommodations rented are in a dormitory and the total space rental charge for each transient is twenty-five dollars (\$25.00) a day or less; or
- the transient is by treaty, or federal law, or state law exempt from payment of transient occupancy taxes; or
- rent is directly paid by the United States Government or the State of California or their respective instrumentalities.

Assessments will be authorized by the *City Council* to be levied for the term of the *District*.

Budget: The total *District* annual budget for the initial year of its thirty-nine and one-half (39 ½) year term, representing the combined assessments of the two (2) benefit categories, is anticipated to be approximately \$30,000,000.

Bonds: No bonds shall be issued.

Remittance: Assessments are paid to the *City* monthly.

Duration: The renewed *District* will have a thirty-nine and one-half (39 ½) year term. The renewed *District* assessments will be levied January 1, 2013 through June 30, 2053. Pursuant to SDMC §61.2524(a)(2), after the first year of operation of the renewed *District*, there will be an annual 30-day period during which

assessed business owners may petition for disestablishment of the *District*. The 30-day period begins each year upon presentation to the *City Council* of the annual Report of Activities (or Milestone Report in years where there is one). Upon written petition of business owners paying more than 50% of the assessments levied, the *City Council* must adopt a resolution of intention to disestablish the *District*.

Renewal:

Pursuant to SDMC §61.2514, *District* renewal requires submittal of petitions from lodging business owners who will be responsible for more than 50% of the total annual assessment followed by a ballot procedure and multiple *City Council* hearings. The assessed lodging business owners will receive ballots by mail. If a majority of the ballots returned, when weighted by the amount of the anticipated assessment represented by returned ballots, do not favor renewal the *District* will not be renewed. In the absence of such a majority protest then the *District* may be renewed in the *City Council's* discretion.

II. Introduction

A. What is a Tourism Marketing District?

The *District* follows the Tourism Business Improvement District (TBID) model, which utilizes the efficiencies of private sector operation in the market-based promotion of local and regional tourism for the targeted benefit of assessed businesses. TBIDs, such as this *District*, allow lodging businesses to organize their efforts to increase tourism, specifically the consumption of hotel rooms as measured by room night stays, achieving economies of scale they could not otherwise achieve.

In San Diego, lodging businesses within the *District* will be assessed and those funds will be used to provide privileges, programs and services directly to the assessed lodging businesses that specifically benefit those businesses.

District-funded programs and services designed to deliver incremental new room night sales to assessed businesses may include, but are not limited to:

- Marketing of the Assessed Businesses
- Tourism Promotion Activities
- Special Events and Programs

In California, TBIDs such as the *District* are formed pursuant to the Property and Business Improvement District Law of 1994 (PBID Law), the Parking and Business Improvement Area Law of 1989 (BID Law), or pursuant to an ordinance of a Charter City. In San Diego, the *City Council* adopted a local TBID enabling (procedural) ordinance similar to the 1994 PBID Law. This State statute and the *City procedural ordinance* allow creation of a special benefit assessment district to raise funds within a specific geographic area, in this case the city of San Diego, for the purpose of improving room occupancy and room night sales for assessed businesses.

There are many benefits to TBIDs:

- Funds must be spent to provide privileges or a specific benefit only to those who pay;
- Funds cannot be diverted for other government programs;
- Activities are customized to fit the needs of businesses in each TBID;
- Petition support is required from lodging businesses paying over 50% of the annual proposed assessment (this is true both under San Diego's *procedural ordinance* and the 1994 PBID Law);
- They are designed by those who will pay the assessment; and
- They provide a stable funding source for tourism promotion that will result in the generation of incremental new room night sales for assessed businesses.

The Board of Directors of the San Diego Tourism Marketing District Corporation (*Corporation*) analyzes prospective tourism development programs that are of direct benefit to the assessed businesses, and allocates assessment revenue to support such programs. In this way, through its mission and operations, the *Corporation's* Board of Directors provides a specific government service directly to the assessed business that is not provided to those not charged, and which does not exceed the reasonable costs to the *City* of providing the service. Indeed, because assessment revenues are not the sole source of funding for the Corporation's program of activities, the cost of the services and the value benefit accrued from them is substantially greater than the assessment amount.

B. Transparent Governance Provides Mission Specific Results and Accountability

This District Management Plan designates the *Corporation* to act as the Tourism Marketing District Association for the district pursuant to SDMC §61.2522. The *Corporation's* Board of Directors is comprised exclusively of owners or owner's representatives from assessed lodging businesses within the *District*. The *Corporation's* Board of Directors acts on behalf of all assessed businesses to ensure that the mission of the *District* is accomplished and provides a specific service and benefit directly to those who pay. This includes awarding *District* funding to contractors. Each year the *Corporation* receives and reviews numerous contractor applications for *District* funding for which review criteria include evaluation of room night sales generation at assessed businesses from *District* funding.

District funding is used to drive incremental room night stays exclusively to assessed businesses within the *District*, providing a specific service and benefit directly to the payors. All contractors are required to have additional funding from non-*District* sources to support a portion of their programming. Through a rigorous application process and subsequent follow-up audits, it has been determined that, over the term of the initial *District*, programs receiving partial *District* funding, including Holiday Bowl, Crew Classic, Wine & Food Festival, and Rock & Roll Marathon, have delivered 100% of their funded room night sales production to lodging businesses within the *District*. Subsequently, the minimal room nights that may have occasionally accrued to lodging establishments outside the *District* as a result of *District*-associated marketing and programs result from expenditures made with non-*District* revenues. A portion of the funding for the *Corporation's* program of activities derives from sources other than the assessment. Accordingly, assessment funding can be shown to produce benefits directly to the assessed businesses and not to others.

In order to ensure a specific benefit to payors and provision of a government service which does not exceed the reasonable cost of the service, not all applicants for *District* funding are funded. While many worthy organizations request funding for important social or other purposes, the partial list below includes organizations that could not demonstrate the minimum required production of hotel room nights for assessed businesses.

<u>Funding Year</u>	<u>Organization</u>	<u>Requested Amount</u>
FY12	SD Film Commission	\$530,000
FY11	SD County Bike the Bay	\$5,000
FY11	Century Club of SD	\$250,000
FY11	Citizen Diplomacy Council	\$24,000
FY11	Pazzo Entertainment	\$500,000
FY10	Armed Services YMCA Fireworks	\$106,336
FY10	La Jolla Marketing Alliance, Inc.	\$1,048,050
FY10	Travelers Aid Society of SD	\$60,000
FY10	SD Asian Film Foundation	\$40,000
FY10	SD International Auto Show	\$206,000
FY10	SD Film Foundation / Festival	\$25,000

District funds may also be provided to San Diego area convention and visitors bureaus (CVBs) for provision of services benefitting assessed businesses as described in this Plan. Historically, efforts have been undertaken by CVBs receiving *District* funds to ensure benefit accrues only to assessed businesses. For example, by mutual agreement of the Boards of Directors of the *Corporation* and the San Diego North CVB, the San Diego North CVB reorganized its board membership in order to guarantee that no benefit from *District* funding was accruing to lodging businesses outside the *District* which are not payors.

C. Programs and Services NOT Funded by the District

In order to ensure provision of a specific government service and benefit to payors, which does not exceed the reasonable cost of providing the service, there are certain activities or improvements which may not be funded by the *District*. These include:

- The acquisition, construction, installation or maintenance of any tangible public property, including parking facilities, parks, planting areas, fountains, benches, booths, kiosks, display cases, pedestrian shelters, signs, trash receptacles, public restrooms, ramps, sidewalks, plazas, pedestrian malls, lighting and heating of public facilities.
- The closing, opening, widening or narrowing of existing or new streets.
- Facilities or equipment, or both, to enhance security and safety of persons and property within the *District*, unless included in a specific proposal to benefit the assessed businesses.
- Regular public safety and security personnel and programs, maintenance and repair, sanitation, nor other municipal services normally and historically provided by the *City*.
- Expenditures not consistent with the terms of this *Plan*.

- Political candidate or ballot initiative activity.

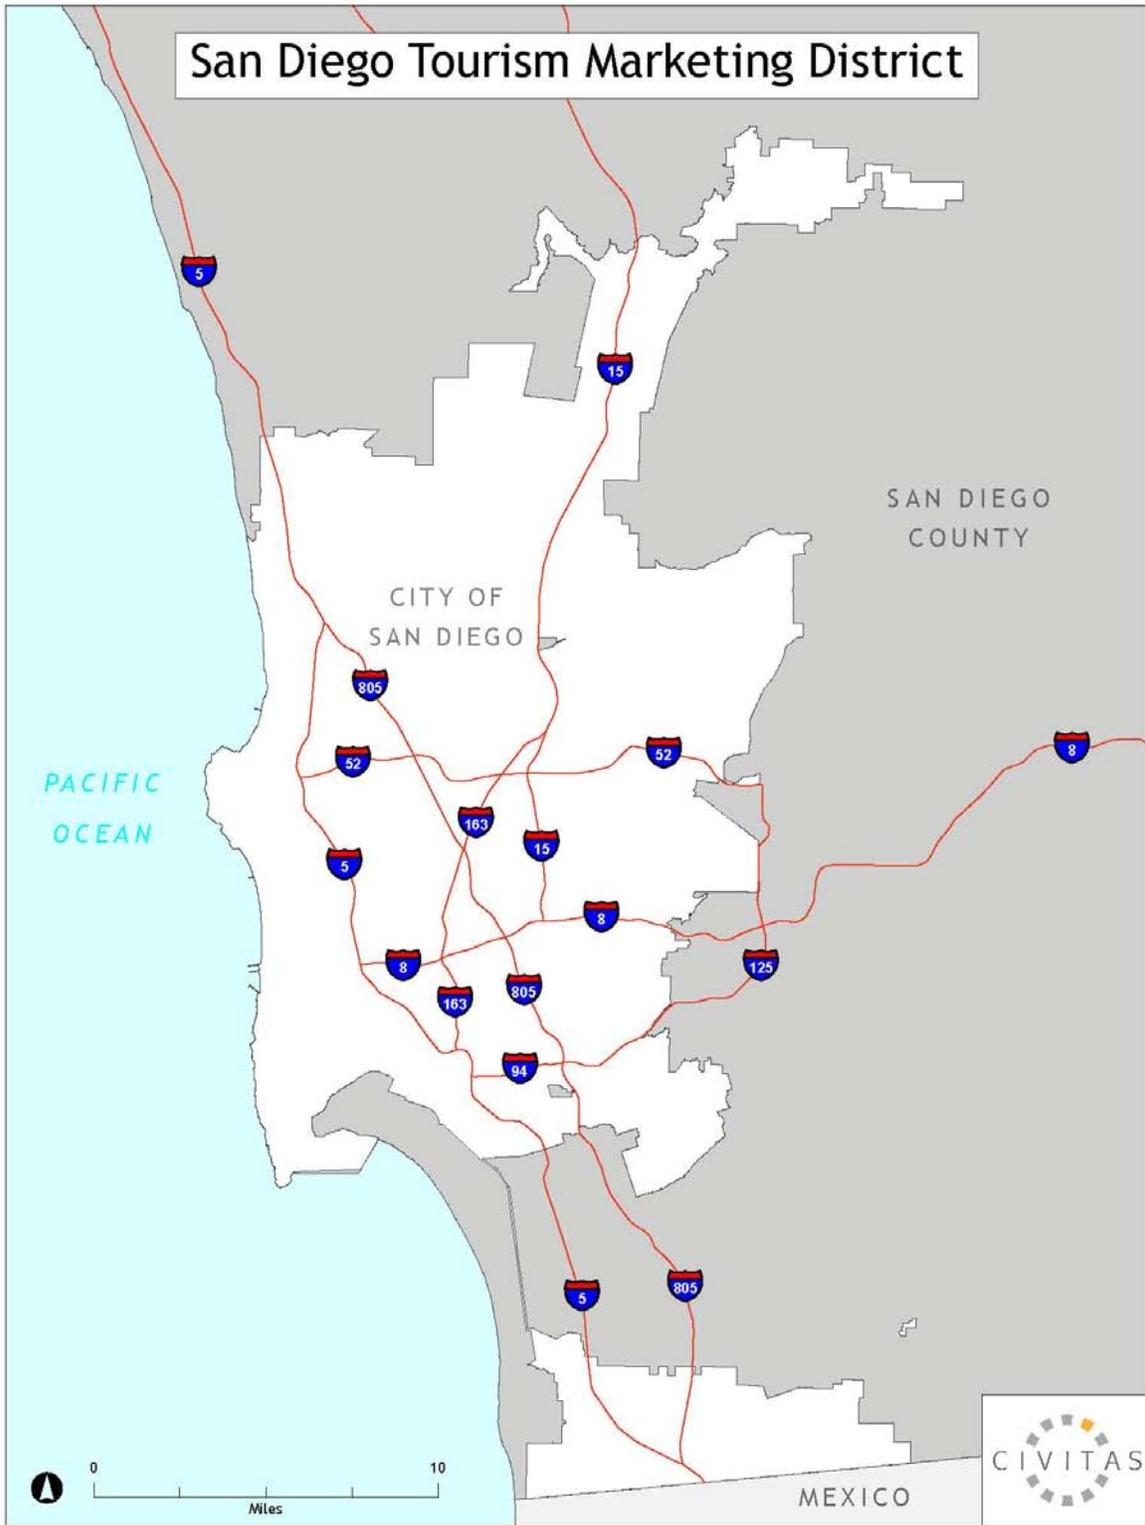

None of these activities generate direct specific benefit and service to assessed businesses that is not provided to others not charged and, accordingly, excluding these services from funding eligibility further demonstrates that the assessment is expended only on activities of direct specific benefit to assesses.

III. ASSESSED LODGING BUSINESSES, BOUNDARY & BENEFIT CATEGORIES

The *District* shall include two (2) benefit categories, each providing a set of privileges and specific benefits to a specific universe of lodging businesses (as defined in Appendix 1), existing and in the future, available for transient public occupancy within the boundaries of the city of San Diego. The universe for each benefit category is:

- Category A: Lodging businesses benefitting under this category are all of those businesses (current and future) within the *District* with thirty (30) or more rooms.
- Category B: Lodging businesses benefitting under this category are all lodging businesses (current and future) within the *District*, regardless of size.

The *District* boundaries are illustrated by the map on the next page. A complete listing, including benefit categories, of lodging businesses within the *District* (as of June 2012) that will be assessed may be found in Appendix 3.

IV. ASSESSMENTS AND ACTIVITIES

A. Assessment Rates and Basis and Exempt Revenue

Annual assessment rates are as follows:

- **Benefit category A Rate: 1.45%** - applied to Assessable Rent of qualifying lodging businesses.
- **Benefit category B Rate: 0.55%** - applied to Assessable Rent of qualifying lodging businesses.

Lodging businesses with 30 or more rooms will receive services and benefit from activities provided under categories A and B, and will be assessed a total of 2% of Assessable Rent. Lodging businesses with fewer than 30 rooms will receive services and benefit from activities provided under category B only and will be assessed 0.55% of Assessable Rent.

The term “Assessable Rent” as used herein means the total consideration charged to a transient as shown on the guest receipt for the occupancy of a room, or portion thereof, in a lodging business. Assessable Rent shall not include any federal, state, or local taxes collected, including but not limited to Transient Occupancy Taxes. Pursuant to this Plan, any other charges shall be considered Assessable Rent only in accordance with the *City’s* Transient Occupancy Tax.

Based on the benefit received and pursuant to this Plan, assessments will not be levied on revenue from stays: of more than one (1) month,; by federal or state government employees or officials on government business whose room rent is being paid directly or indirectly by the federal government or the State of California; or those international government employees or officials which by treaty are exempt from locally-levied transient occupancy taxes. Further, assessments will not be levied when the total space rental charge is twenty-five dollars (\$25.00) a day or less or the accommodations rented are in a dormitory and the total rent for each transient is twenty-five dollars (\$25.00) a day or less.

For lodging businesses with seventy (70) or more rooms, assessments levied for the *District* shall not include Assessable Rent resulting from stays pursuant to contracts executed prior to January 1, 2008. For lodging businesses with sixty-nine (69) rooms or fewer, assessments levied for the *District* shall not include Assessable Rent resulting from stays pursuant to contracts executed prior to January 1, 2013.

As used in this section "contract" means a written document which was executed by a representative of the lodging business and the transient or the transient's representative prior to the date specified above. The contract must include a provision stating that it is irrevocable, non-cancellable, or non-refundable; signed agreements which can be cancelled are not “contracts” within the meaning of this section. Reservations made at lodging businesses are not considered contracts. Contract does not include agreements between the lodging business and any third-party booking agent for the purpose of booking transient stays at the lodging business, such as a property management company.

The assessment is to be remitted by the owner(s), operator(s), or an authorized representative who is noted on *City* records as the responsible party for the remitting and reporting of Transient Occupancy Tax as specified in SDMC §35.0114, or as amended, for each lodging business in the city of San Diego. “Business” and “lodging business” mean any and all types of hotels where a structure, or any portion of a structure, is held out to the public as being occupied, or designed for occupancy, by transients for dwelling, lodging or sleeping purposes, and includes those businesses defined in Appendix 1. “Transient” means any person who exercises occupancy, or is entitled to occupancy, by reason of concession, permit, right of access, license or other agreement for a period of less than one (1) month, pursuant to SDMC §61.2504 and 35.0102. A month is defined as the period of consecutive days from the first calendar day of occupancy in any month to the same calendar day in the next month following, or the last day of the next month following if no corresponding calendar day exists. In accordance with SDMC §35.0111(b), stays by any person who occupies a room, or any portion thereof, in a lodging business, or is entitled to occupancy thereof, for a period of one (1) month or more, shall be deemed not to have been a transient with respect to the first month of occupancy or entitlement to occupancy.

The assessment imposed is levied solely upon the lodging business with the business owner being solely responsible for payment of the assessment when due. If the business owner chooses to charge any portion of the assessment to a transient, that said portion shall be separately stated from the amount of rent charged and any applicable taxes, and identified for the transient in any and all communications from the business owner as "San Diego Tourism Marketing District Assessment."

B. Funding Process

Assessment funds will be spent to provide a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the *City* of conferring the benefit or granting the privilege. The activities also constitute specific government services provided directly to the payor that is not provided to those not charged, and which do not exceed the reasonable cost to the *City* of providing the services.

The privileges and services provided with *District* funds are sales, marketing, advertising and promotional programs available only to assessed businesses. District activities will be designed for the sole purpose of generating incremental room night sales at assessed businesses. Such room night sales are of great value to assessed business and constitute a specific benefit for which the assessment is charged. Non-assessed businesses will not have access to the privileges and services provided by the assessment. For example, only assessed businesses will be entitled to receive sales leads generated by District-funded activities or be featured in District-funded marketing materials.

Because marketing services are provided by *Corporation*-approved contractors, requirements for contractors and the application process have been developed. Specifically, all funding requests must delineate:

- All sales, marketing, advertising and promotional programs;
- Number of *District* lodging business room nights generated – existing and incremental;

- Average daily rate;
- Return on Investment (*ROI*) as measured in *District* room night revenue;
- Time of year (peak, shoulder, low); and
- Number of marketing impressions (included as supportive information only where applicable).

Successful applicants that become contractors for the *Corporation* will be required to submit quarterly performance updates and comprehensive annual performance reports which include the above required information along with samples of marketing materials and information as to the methodology used to substantiate the *ROI*. Funded contractors and programs must also have a cost allocation methodology which demonstrates that costs are apportioned between applicable funding sources so that the amount of assessment revenue used is proportionate to the benefit derived by *District* lodging businesses.

The *Corporation* will contract with an independent third-party to audit the results and to verify *District* room nights and *ROI*.

C. Time and Manner for Collecting Assessments

The *District* assessment will be levied beginning January 1, 2013 and will continue for thirty-nine and one-half (39 ½) years until June 30, 2053. The business owner of each individual assessed lodging business located within the boundaries of the *District*, participating in exclusive privileges and receiving specific services and benefits as provided by benefit category A and/or B, will be responsible for remitting the appropriate assessment on a monthly basis (including any delinquencies, penalties and interest). The *City* will take all reasonable efforts to collect the assessment from each lodging business. The *City* will forward assessments collected (including any delinquencies, penalties and interest) to the *Corporation* according to terms set forth in the *District* operating *Agreement*, an *Agreement* to be entered into between the *City* and *Corporation* related to district management. The *Corporation* will have the responsibility of managing *District* programs as provided in this *Plan*.

D. Penalties and Appeals

Pursuant to this *Plan*, penalties may be assessed against those benefited businesses failing to make timely payments. In addition, benefited businesses shall have a right to appeal penalties, as spelled out in the resolution of formation.

Any benefited business failing to remit the *District* assessment within the time required under the resolution of formation shall pay penalties as specified in the resolution of formation. In the event there is a determination by the City Treasurer that non-payment of an assessment is due to fraud, penalties may be assessed as specified in the resolution of formation.

E. Operators' Duties and Accounting Procedures

Pursuant to this Plan:

- (a) The amount of assessment, if passed on to a transient, shall be separately stated from the amount of rent charged and any applicable taxes, and each transient shall receive a receipt for payment from the business. A duplicate of the receipt given to each transient shall be kept by the business in accordance with subsection (c) below. The purpose of this requirement is to ensure the assessment is not misrepresented to transient occupants and the businesses do not “pad” their room rents with assessments that are not due to the *District*. It does not change the legal incidence of the assessment, which remains on the assessed business.
- (b) Each business shall account separately for, and maintain separate monthly summary totals for, assessable and non-assessable rent and the assessment.
- (c) Each business shall maintain its financial and accounting records in accordance with generally accepted accounting principles acceptable to the City Treasurer. It shall be the duty of every business liable for the payment to the *City* of any assessment imposed to keep and preserve within the boundaries of the city of San Diego, for a period of three (3) years, all business records as may be necessary to determine the amount of such assessment for which the business is liable for payment to the *City*. The City Treasurer and authorized deputies or agents in the exercise of duties imposed shall have the right to inspect such records at all reasonable times and to apply auditing procedures necessary to determine the amount of assessment due.
- (d) The costs of additional goods and services, which are not rent, but which may be sold as a package, or are complimentary with a room, or portion thereof, in a lodging business shall be accounted for in accordance with any administrative rules and regulations promulgated by the City Treasurer.

F. Budget Summary

The assessment revenue derived from the *District* is estimated at approximately \$30,000,000 annually. Over the thirty-nine and one-half (39 ½) years of the *District*, this would equate to an estimated \$1,200,000,000 through 2053. This amount may fluctuate as occupancy rates and room rental rates change, and as businesses open and close during the term of the *District*. There shall be no increase in the assessment rates within the two (2) benefit categories for the term of the *District*, except pursuant to the rules set forth in the Municipal Code for modification of this Plan.

In addition to assessment revenue, interest and penalties collected on behalf of the *District* by the *City* are considered to be revenue to the *District* and shall be deposited into the *District* Fund and shall be available to be expended in accordance with this *Plan*. Over the term of the *District*, the *Corporation*

may have access to incidental revenue to supplement assessments, interest and penalties for any operating year. "Incidental Revenue" means revenues generated by *Corporation* from receipt or use of *District* funds, including, but not limited to interest income earned by *Corporation* on *District* funds deposited into an interest bearing account. Such incidental revenue shall be accounted for and expended within the regular annual *District* budget process in accordance with the operating *Agreement* and this *Plan*.

G. Activity and Budget Guidelines

Assessments are proposed to be used for the Activities as generally outlined in the Budget Guidelines table on the next page and as further described in this section of the *Plan*. It is anticipated that ninety percent (90%) of assessment revenue will be designated annually for Marketing and Sales activities which will be tailored within the specific benefit categories to benefit the assessed businesses. Within the ninety percent (90%) allocated to marketing and sales activities, the *Corporation's* Board of Directors may adjust program allocations as needed to address changes in outside funding provided to those programs and ensure that assessment funds are spent on a specific benefit provided directly to assessees which is not provided to those not charged.

Ten percent (10%) of assessment revenue will be designated in total annually for Administration (including actual *City* costs to administer the *District*) and for a Reserve for opportunities, catastrophes, contingencies, and renewal of the *District*. Other revenues such as penalties and interest and incidental revenue shall be designated for Administration but may be added to the Reserve or designated for other activities at the discretion of the *Corporation's* Board of Directors.

Annually, a detailed prospective Report of Activities (including a budget) based on these Budget Guidelines will be developed and approved by the *Corporation's* Board of Directors for submission to the *City Council*.

For more specific information about the services provided in each budget category, see Appendixes 4 and 5.

Budget Adjustments

Although actual revenues of the Corporation will fluctuate, the proportional allocations as listed in the table above shall generally remain the same; however, during the budgeting process each year, the Corporation's Board of Directors may adjust program allocations as needed to address: economic conditions; tourism trends; and changes in non-assessment funding provided to those programs. The resulting proposed annual budget submitted to City Council for consideration as part of the Annual Report of Activities will then ensure that assessment funds are to be spent on a specific benefit provided directly to assessed businesses which is not provided to those not charged. In no event will the budget for City administration costs fall below the amount necessary to recover City administration costs.

The projections of assessment revenue shall be reviewed periodically during the fiscal year and compared with actual assessment revenue. Should the projections of assessment revenue be revised

downward by two percent (2%) or more, then *Corporation's* Board of Directors may reduce the designated amounts provided to contractors. The *Corporation's* Board of Directors may also choose to partially or completely back-fill the projected shortfall in assessment revenue by designating Opportunity/Catastrophe/Contingency Reserves to contractors. At fiscal year-end, a reconciliation of actual to projected assessment revenue shall be completed by *City* and *Corporation* within a mutually agreed upon time frame. Any positive variation between projected and actual assessment revenue posted to the *District* Fund may only be allocated in the following fiscal year budget.

Every five (5) years, beginning in FY2018 to be effective for FY2019 budget and coincide with the *District* Milestone Report, for the duration of the *District*, the Board of Directors of the *Corporation* shall establish a percentage to be applied to the projected assessment revenue to determine the amount to be designated annually for contractors and DMOs. Budgeted amounts shall be contingent upon approval by the Corporation of a scope of services from the contractors and DMOs, but shall be subject to approval by *City Council* per SDMC section 61.2521(c).

Administration

The *Corporation*, under the direction of its Board of Directors, is responsible for administration of the business operations of the *District*. This requires the allocation of personnel and other resources so as to direct *District* activities toward common goals and specific benefits for the assessed lodging businesses. The administrative activities of the *Corporation* include planning, organizing, staffing, directing, controlling, and budgeting, which includes forecasting, oversight, and revenue management. The administration budget will be utilized for the administrative costs of providing the services and benefits described in this Plan. This includes the *City's* costs of collecting and remitting the assessments, and the Districts costs of administering programs (rent, insurance, legal, accounting, administrative staff, etc.). A detailed budget for the administrative funding allocation will be submitted and approved annually and will include detail on the following items which are included in the administration and operations category:

- Estimated operating expenses including but not limited to wages, benefits, and overhead costs such as rent, supplies, utilities, and travel;
- Estimated costs of contract services and support including but not limited to legal, accounting, bookkeeping and technology;
- Estimated cost of directors and officers liability insurance in the minimum amount of \$5,000,000 per director, plus additional insurance as required by the *City*;
- Estimated cost of performance audits of contracted entities receiving funding from the *District* unless otherwise stipulated by the *Corporation's* Board of Directors;
- Estimated cost of an annual financial audit of the *Corporation*; and
- Estimated cost of *City* collection, administrative, and legal services.

The Corporation may annually budget a minimum of three percent (3%) and a maximum of seven percent (7%) of *District* assessment revenue to the operation and management of the *Corporation*, including *City* collection and administrative costs. In addition, the *Corporation* may annually budget a

minimum of three percent (3%) and a maximum of seven percent (7%) of *District* assessment revenue to the Opportunity/Catastrophe/Contingency Reserve. Allocation of more than five percent (5%) of the annual *District* assessment revenue for administration, as described above, shall require approval by a two-thirds (2/3) supermajority vote of the *Corporation's* Board of Directors.

The combined annual budget amounts for the *Corporation's* Administration, including *City* Administration Costs, and the *District* Opportunity/Catastrophe/Contingency Reserve may not exceed 10% of *District* assessment revenue. This limit does not include any litigation costs pertaining to the defense of the *District*, which will be paid from *District* funds in addition to administration costs.

In 2018 and every fifth fiscal year thereafter, the allocation for *District* Administration and Operations shall be 3% to 7% plus an additional increment of one-half of one percent (0.5%) to support the development and presentation of a *District* Milestone Report. The Milestone Reports will be budgeted, prepared and presented to the *City* in the years listed below, to be implemented in the following year (e.g. the FY2018 report will be prepared and submitted in FY2018 and effective in FY2019). Those years will be:

- FY2018
- FY2023
- FY2028
- FY2033
- FY2038
- FY2043
- FY2048
- FY2053

Revenue for the Milestone Report expenditures shall be available from the Opportunity/Catastrophe/Contingency Reserve.

Marketing and Sales

It is widely recognized that successful direct marketing and sales of a visitor destination is the result of a considerable investment in time and resources. Visitor destinations, of all sizes in myriad locations, compete for a finite number of consumers. Many of these visitors require lodging. This daily consumption of lodging, as measured by the industry standard of hotel room nights, is vital because the unused portion of a hotel's available inventory spoils every day, and is never again available for sale.

Historically, businesses in visitor destinations have banded together to pool resources in order to develop coordinated messaging and to deliver a call-to-action that would result in an increase in the consumption of visitor-serving offerings. These groups have been given many names that usually contain the term "visitors bureau." More recently, they have been recognized as Destination Marketing Organizations (DMOs). Over time these organizations have become clearinghouses for

visitor-serving information, products and services, while generating incremental new business for their members. Typically, a major participant in these coordinated community, regional and/or statewide efforts are representatives of the hotel industry who, understanding the “commodity” nature of their products, constantly seek opportunities to increase daily consumer demand for them.

Depending on the location and its available visitor offerings, each DMO develops and implements a business plan to sustain current visitor levels while generating additional business from new visitors. The activities implemented to serve these goals are numerous, creative, and diverse.

The meetings industry is distinct within the visitor industry, different from tourism, with its own unique markets, requirements and agendas. Yet, like leisure visitors, meeting attendees and convention delegates require accommodations.

The success of marketing and sales efforts is predicated on the long-term establishment and operations of a local DMO. The decisions that drive these direct sales initiatives are based on years, if not decades, of research, performance analysis, brand development and messaging, plus nurtured client/vendor relationships, performed by a professional staff with administrative support requiring extensive business manpower (sales force), infrastructure (offices, equipment, transportation) and technology (internet tools).

The *Corporation* is not a marketing and sales entity, but rather a funding conduit to contractors for development and implementation of effective marketing and sales programs and services that provide unique privileges and specifically benefit assessed businesses within the *District* by providing a specific government service. The *Corporation* will be responsible for allocation and distribution of available revenue and will contract with qualified third-party contractors to supply marketing and sales programs and services as required and approved by the *Corporation’s* Board of Directors.

Marketing

Marketing is the activity of identifying, communicating to, reaching, informing, educating, motivating and persuading prospective consumers of hotel room nights to consummate a purchase. It is the message that prepares the prospective consumer for the sale, may take many traditional and/or innovative forms, and may be modified over time as a result of changes in consumer demands, new tourism products, and advances in marketing and communication technologies. It currently consists of many strategies, tactics and components including but not limited to these examples:

- Market Research;
- Advertising;
- Marketing Promotion;
- Press and/or Public Relations;
- New Product Development;
- Web Strategies, Viral and E-marketing;
- Partnership marketing; and

- Direct Marketing (to a defined universe with a specific call to action).

Sales

The sales process is defined as the activities designed to close or consummate the sale. This closure can take several forms when delivering hotel room night sales. For the transient or tourist responding to the marketing activities this sale may take the form of a walk-in purchase, an on-line reservation, or a telephone reservation.

Another significant element of the hotel sales function involves group and meeting sales. The group and meeting sales process consists primarily of interpersonal interaction, activities that engage the prospect or customer on a personal level rather than at a distance, through technology or a second-party. It is often done by one-on-one meetings, cold calls, and networking. It requires significant front-line sales manpower, plus administrative, operational, and technological support, and considerable time. Often, success is the result of several years of communication and relationship building between the sales representative and the customer; who is usually a professional meeting or convention planner. The “sale” results in a signed agreement or contract for a meeting or convention that can deliver hundreds, if not thousands of hotel room nights.

Funding Marketing and Sales

Because both marketing and sales programs are necessities for successfully increasing room night sales, the *Corporation* will contract for marketing and sales programs and services to promote assessed lodging businesses in the *District* and to fund projects, programs, and activities that specifically benefit and provide unique privileges to assessed lodging businesses within the *District*.

The marketing and sales programs and services funded by the *District* are meant to deliver incremental room night sales directly to *District*-assessed lodging businesses. It is understood that each individual lodging business implements and privately funds a unique, proprietary marketing and sales program that is responsible for the generation of the vast majority of room nights at each business. *District* programs and services are supplemental to, and provide incremental room nights in addition to, those proprietary programs.

To allocate funding to marketing and sales programs, the *Corporation's* Board of Directors must find that each will be likely to generate incremental room night sales at assessed businesses. The purpose of any funded activity must be to generate such sales. The *Corporation's* Board of Directors will establish and regularly update a clearly defined application process for proposed marketing and sales programs. This application will articulate the required qualifications of applicants, the target ROI, and the measurement of results, among other criteria as means to ensure direct benefit to assessees.

Marketing and Sales Programs: Stipulated Best Practices

To guide *District* contractors and ensure direct benefit to assessees, below is a partial list of required Best Practices for implementation of *District*-funded programs and services. Following *District* renewal and adoption by the *Corporation's* Board of Directors, this list may be modified from time to time provided that the goal of direct and exclusive benefit to assessees is attained.

- It is required that all recipients of *District* funds certify that those funds will be spent to provide exclusive privileges and/or specific benefits only to *District* assessed businesses and not to any other, non-assessed businesses. To the extent that other, non-*District*, lodging businesses may receive incremental room nights, that portion of the promotion or program generating those room nights shall be paid with non-*District* funds.
- It is required that all recipients of *District* funds demonstrate availability of other additional non-*District* sources of revenue, such as but not limited to, membership dues, marketing fees, earned income, and/or participation fees, which they will contribute to the promotion or program to pay for any incidental benefit to non-*District* lodging businesses.
- It is required that all advertising materials and media include a call-to-action that directs consumers exclusively to *District* lodging businesses.
- It is required that all recipients of *District* funds conduct an analysis of room night generation for *District* lodging businesses and non-*District* lodging businesses in addition to a ROI analysis. The cost of efforts which generate room nights for non-*District* lodging businesses must be paid with non-*District* funds.

H. Benefit Category A Programs

Benefit Category A Overview

It is understood by the Board of Directors of the *Corporation* that the aggressive, daily consumption of lodging, as measured by the industry standard of hotel room nights, is vital to all lodging businesses because the unused portion of a hotel's available inventory spoils every day, and is never again available for sale. Therefore, the *Corporation* will contract with destination marketing organizations (DMOs) and other contractors selected through competitive application or procurement processes for the specific marketing and sales programs and services as outlined below.

The marketing and sales programs and activities of Benefit Category A will focus primarily on (i) the group and meeting planner or contractor and (ii) consumer direct sales and marketing programs. Consumer direct sales and marketing programs are specifically designed to place booking opportunities for assessed businesses in the grasp of consumers who have or may have expressed an interest in traveling to San Diego. To ensure proportional provision of direct benefits to assessees, the services to be provided to benefit category A assessees have been divided into three sub-categories: A1, A2, and A3.

Meeting & Group Direct Sales and Marketing

Benefit category A requires that a specific set of marketing and sales tools be deployed to achieve individual property direct sales for those lodging businesses. Hotel Meeting Sales is focused on Group, Meeting, Convention and Tour Operator contract programs. These are typically business-to-business relationships. These programs require unique skills, marketing tools and expertise to deal with different markets, develop different messaging, and to address multiple challenging and different decision factors. Specifically, the marketing and sales programs and services provided to generate hotel room nights include (as defined in Appendix 4), but are not limited to:

- Hotel Meeting Sales;

- Event Management and Groups Sales Development;
- Tourism Development including Travel & Trade;
- Group Meeting Direct Marketing; and
- Consumer Direct Sales & Marketing Programs including National Online and Pay-Per-Click Banner Advertising and Online Travel Agency Campaigns (OTAs such as Expedia, Orbitz, and Travelocity).

Consumer Direct Sales & Marketing Programs

In addition, benefit category A requires that a specific set of tools be deployed to deliver consumer direct marketing and sales programs and services designed to result in additional hotel room night sales for assessed lodging businesses in the *District*. These programs and services include, but are not limited to, Consumer Direct Marketing Programs including National Pay-per-Click Banner Advertising and Online Travel Agent Campaigns (as defined in Appendix 4).

Multi-Year Tourism Development

Benefit category A also includes activities related to the Strategic development of multi-year or long-range event planning dedicated to the production of District lodging business leads and room night sales demand. Typical expenses include, but are not limited to, strategic planning, event RFPs, third-party whitepapers, promotional items, information technology, market intelligence, research, and performance audits. (as defined in Appendix 4)

Benefit Category A1: Meeting and Group Sales & Marketing Programs and Consumer Direct Sales & Marketing Programs to Drive Sales Demand for District Lodging Businesses

Benefit category A1 lodging businesses will have the exclusive privilege to participate or be represented in, and receive a specific benefit from, but not limited to, the direct marketing and sales initiatives and programs listed above and further defined in Appendix 4.

Other activities designed to support the above efforts to drive sales demand to these lodging businesses include: Direct Sales and Marketing to Meeting Planners and Meeting Buyers, and Consumer Research, Market Intelligence, Market Cultivation and Penetration.

Benefit category A1 direct sales and marketing programs and services, which are a diverse mix of time-tested and proven initiatives, projects, and activities, will provide exclusive privileges and specifically benefit all current and future lodging businesses of thirty (30) rooms or more within the boundaries of the *District*. These initiatives, projects and activities are deployed to achieve individual property direct sales for those lodging businesses with meeting space, and/or large enough (30 rooms or more) to accommodate a small meeting, reunion or tour group. The hotel meeting and group sales effort is focused on group, meeting, convention and tour operator contract programs.

Benefits resulting from these programs will be realized directly by individual lodging businesses in the target market area or market segment served through the exclusive privilege of participating in a unique contract program, marketing initiative or service funded under benefit category A.

Benefit Category A2: Sub-Regional Targeting

Although benefit category A1 programs are designed to provide benefit citywide, many of these programs have a focus on larger convention and activities that occur in the Downtown area. In order to ensure that the programs exist to directly serve the needs of larger hotels spread throughout the City, category A2 includes services that are directed specifically towards parts of the City other than Downtown. Targeted sub-regional marketing will deliver specific benefit to coordinated groups of lodging businesses throughout the *District* which are subject to the benefit category A assessment. These lodging businesses will have the exclusive privilege to participate or be represented in, and/or receive the specific benefit from, but not limited to the marketing and sales initiatives and programs listed above and further defined in Appendixes 4 and 5. Activities shall be intended to provide supplemental programs of the type detailed in benefit category A.1 but specific to the District sub-regions outside of the downtown core such as Rancho Bernardo, La Jolla, Mission Bay, Mission Valley, and others.

Subject to further provisions in this paragraph, the *Corporation* shall annually budget a portion of funds derived from benefit category A assessment revenue to DMOs for the purpose of sub-regional sales and marketing for those lodging businesses subject to the benefit category A assessment. When allocating resources and implementing programs in sub-regional areas, consideration shall be given to the number and distribution of lodging businesses subject to the benefit category A assessment and room count in those sub-regional areas to ensure that all assessees benefit proportionally from the activities funded by the assessment.

To further ensure provision of a specific benefit to assessed lodging businesses, sub-regional Hotel Advisory Committees shall be established as follows:

- DMOs receiving *District* funds shall establish criteria for the recognition of sub-regional Hotel Advisory Committees.
- The *Corporation's* Board of Directors shall annually apply those criteria to identify the bona fide sub-regional Hotel Advisory Committees.
- Membership on the Hotel Advisory Committees shall be limited to representatives from lodging businesses subject to the benefit category A assessment located in the sub-region for which each committee is established. While the sub-regions may realign or increase in the future, it is anticipated that the initial sub-regions will include, but not be limited to:
 - Mission Bay
 - Mission Valley
 - La Jolla
 - Shelter Island / Point Loma
 - I-5 corridor (adjacent to Del Mar)
 - I-15 corridor
- The committees shall act in an advisory capacity with the primary purpose of consulting with DMOs, and making recommendations on the programs and expenditures relative to sub-regional programs annually proposed by DMOs.
- Sub-regional programs as proposed and implemented shall be consistent with the stated goals and objectives of the DMO to the extent they comply with the requirements of this Plan, and shall utilize proven marketing and media channels.

Benefit Category A3: Competitive Targeting

Category A3 includes programs similar in nature to those funded through category A1, but selected through a competitive application process amongst smaller service providers and special programs.

The *Corporation's* Board of Directors will annually budget a portion of the revenue derived from the benefit category A assessment for competitive supplemental marketing efforts. Such programs, activities, events, and services may be solicited either through a competitive application or open procurement process. These programs and services must provide unique, exclusive privileges and/or deliver a measurable specific benefit to assessees based on room night sales, which are in addition to the privilege or benefits provided by other programs funded with the benefit category A assessment.

The *Corporation* will solicit and/or receive applications for funding from numerous diverse entities. Specific application guidelines were implemented during the *District's* initial five-year term and will continue to be utilized throughout the renewal term. Changes to the guidelines, criteria and application can only be made by an action of the *Corporation's* Board of Directors.

Fundamental to the funding of any application will be the clearly articulated exclusive privileges and specific benefit to assessed lodging businesses in the *District*. While exclusive privileges can be delivered in numerous ways, the specific benefit must be measured in the delivery of hotel room night sales to assessed lodging businesses. Successful applications will clearly describe the strategy and tactics for delivering room night sales, as well as the estimated resulting number of room night sales and resulting gross room revenue. The method for calculating and verifying the *ROI* results must be described in the application.

When considering these fundamental application requirements, priority will be given to:

- (a) Special-need periods of the year;
- (b) Special-need geographic locations within the *District*; that may include but are not limited to a sub-region, multiple sub-regions, a neighborhood or community, or an area uniquely defined to host or support a program or event; and
- (c) The opportunity to generate incremental room nights from existing programs or sponsoring programs.

Competitive Supplemental Marketing Programs will deliver a specific benefit to coordinated groups of lodging businesses throughout the *District* which are subject to the benefit category A assessment. These lodging businesses will have the exclusive privilege to participate or be represented in, and/or receive the specific benefit from competitive supplemental marketing initiatives and programs designed to drive sales demand for room nights at these businesses as articulated in Appendix 4.

Determining ROI

All successful applicants for funding from assessment revenues must clearly demonstrate a measurable *ROI* based on room night sales for the programs or services they propose. Applicants and recipients must develop and demonstrate their suggested methods of measuring *ROI* for their

programs as part of applications and quarterly performance reports. All stated ROI results are subject to third-party audit.

I. Benefit Category B Programs

Benefit Category B: Overview

Critical to the consumption of lodging business room nights is the location, or destination, of the businesses. While a meeting or convention can mandate a destination for a conventioner or delegate, the transient hotel guest, the tourist, makes a personal travel decision in light of market forces. Consumer direct/destination marketing and messaging are designed to influence, entice and support such decisions and therefore generate incremental transient room night sales. All of the lodging businesses subject to the benefit category B assessment will directly benefit from consumer direct/destination marketing.

Benefit Category B: Destination Marketing with Specific Call to Action

Benefit category B funds consumer direct destination marketing. Such marketing can include, but is not limited to, consumer direct advertising and earned media (public relations releases) and media contacts. All marketing funded through benefit category B will include specific calls to action directly related to district lodging businesses. Such calls to action might include, but are not limited to, inclusion of special consumer directed website landing pages featuring only district lodging businesses, links, or phone numbers exclusively dedicated to providing district lodging business information and booking opportunities. All approved campaigns must have budget proportional other source funding reflective of benefit that will be used to augment the District funding to proportionally reflect the any percentage of benefit received to non-assesseees. Typical direct expenses include advertising costs, agency fees, production, printing, distribution costs District-related personnel salary, commissions, benefits, training, travel, printed material , promotional items, information technology, market intelligence, research, and performance audits. - Typical indirect expenses include related contractor executive management, information technology support, and general & administrative overhead.

While none of the exclusive privileges (calls to action and special website and phone number) of participating in programs funded by benefit category B will be available to businesses that do not pay the benefit category B assessment, secondary benefit may accrue to lodging establishments outside the boundaries of the *District*, but the resulting room night capture would be offset by the utilization of other source income to support these programs. DMOs will be required to demonstrate sufficient alternate revenue sources in support of Consumer Direct/Destination Marketing programs under benefit category B.

Benefit category B Consumer Direct/Destination Marketing programs and services will provide exclusive privileges and specifically benefit all assessed lodging businesses in the *District*, regardless of size. Therefore, all of these qualifying lodging businesses as listed in Appendix 3 will be assessed for the activities provided by funding from benefit category B. Benefits resulting from these

programs will be realized directly by individual assessed lodging businesses in the target market area or market segment served through the exclusive privilege of participating in a unique contract program, marketing initiative or service funded by the benefit category B assessments.

J. City Administration

The *City* shall recover its actual annual costs and any renewal costs associated with *District* program oversight, collection, and administration. The amount budgeted each year for *City* Administration is to be determined on an annual basis, though it is not anticipated to exceed \$600,000 in the first year. In no case shall the annual assessment revenue designated for *District* Administration, *City* Administration, and the Opportunity/ Catastrophe/Contingency Reserve exceed ten percent (10%) of all projected annual assessment revenue. Notwithstanding the foregoing, any subsequent *District* renewal or modification processes may incur additional one-time costs. Costs for services to be recovered by the *City* include but are not limited to:

- Economic Development - Contract management and disbursement/reimbursements, coordination and preparation of annual and periodic reports and presentations to Council;
- Office of the City Treasurer - Collection administration, management and auditing;
- Office of the City Auditor - Program auditing;
- Office of the Comptroller - Check disbursements; and
- Office of the City Attorney - Legal review, document preparation, collection services/litigation.

Notwithstanding the foregoing, in addition to the administrative costs described above, litigation costs pertaining to the defense of the *District* incurred by the *City* shall be paid from *District* funds in addition to the recovery of administration costs. Specific provisions for *City* Administration costs, including recovery of any renewal costs, are contained in the operating *Agreement*.

K Opportunity/Catastrophe/Contingency

A prudent portion of the *District* budget for both of the benefit categories will be designated for an opportunity/catastrophe/contingency reserve. This reserve will be used to: (i) replace actual revenue shortfalls when carrying out the activities in each of the benefit categories, (ii) maximize unique and unforeseen opportunities and (iii) react to unforeseen situations.

The utilization of these funds will be at the discretion of the *Corporation's* Board of Directors but within the approved scope of services to be provided according to this Plan and the Annual and Milestone Reports.

The annual allocation to the opportunity / catastrophe / contingency reserve will not exceed seven percent (7%) of the total budget; nor will the allocation be less than three percent (3%) of the total annual budget, unless and until the cumulative revenue from assessments designated for the combined opportunity/catastrophe/ contingency reserves reaches \$10 million. Once the cap is

reached, any assessment revenue that would otherwise be designated for the opportunity/catastrophe/contingency reserves will instead be designated for current marketing and sales programs.

If at the expiration of the *District*, there is an opportunity/catastrophe/contingency reserve remaining for either or both of the benefit categories, and business owners within that category wish to renew the *District*, the remaining opportunity/catastrophe/contingency reserve may be used for renewal costs.

If the *District* is renewed following the thirty-nine and one-half (39 ½) year term, and the benefit category structure, assessment rate, and boundaries remain identical going forward, the opportunity/catastrophe/contingency reserve for each benefit category shall be made available to the corporation managing the renewed *District* in accordance with SDMC section 61.2523(a) or other ordinance provisions which may then exist. These previously accumulated funds may be spent consistently with the allocations in this *Plan* or may remain in savings for future expenditures consistent with this *Plan*. Should the *District* not be renewed, or at any time be dissolved, the previously accumulated assessment revenue (less any funding needed to settle outstanding obligations) shall be proportionally refunded and distributed to the assessed businesses in each benefit category of the *District*. Should the *District* be renewed but with different boundaries or benefit categories, remaining funds shall be transferred to the new *District* but spent on programs and services to benefit only the assessed businesses in accordance with this *Plan*.

V. Governance and Oversight

A. *City Administration and Oversight*

Petitions signed by business owners are required to be submitted to the *City* in support of renewing the *District* in accordance with SDMC §61.2506(a). If sufficient petitions, when weighted by the amount of proposed assessment(s) to be levied under benefit categories A and/or B, are submitted in support of the renewal, then the *City Council* may adopt a Resolution of Intention to renew the *District*, cause a ballot to be mailed to all identified businesses, and give notice of the required public hearing. If 50% or more of the ballots that are returned, when weighted by the amount of the anticipated assessment represented by returned ballots, favor district renewal, then the *City Council* may adopt a resolution renewing the *District* and authorize the levying of assessments for a period of thirty-nine and one-half (39 ½) years.

The *City* will oversee collection of the assessments and ensure the expenditure of funds is consistent with this *Plan*. On an annual basis, within 30 days of the *City's* finalization of the fiscal year's accounting, the *City* will provide a full accounting of *District* assessment revenue including interest earned on any pooled investments, plus interest and penalties collected from delinquent accounts.

Prior to the beginning of each Fiscal year, the *City Council*, in an open meeting, shall consider the submitted Report of Activities, and may approve as submitted or modified (including the associated expenditure of *District* revenue).

B. *San Diego Tourism Marketing District Corporation Administration*

The *procedural ordinance* provides that the *City* may contract with a designated non-profit corporation to implement this *Plan* and to carry out specified activities, subject to the terms and conditions enumerated in the contract with that corporation. The *City* shall contract with the *Corporation*, a private non-profit corporation, to serve as the Tourism Marketing District Association, manage the *District* assessments, and contract for implementation of the proposed marketing and sales programs and services as outlined in this *Plan*.

Purpose

The specific purpose of the *Corporation*, a private non-profit corporation, is to directly benefit lodging businesses in the *City* through the effective and judicious allocation of its revenue and resources to measurably successful tourism promotion, marketing, sales, and advertising programs, and special events, that will generate additional room nights for assessed businesses and not others (except to the extent non-assessment revenue is used to benefit to non-assesseees).

General Powers

Subject to the provisions and limitations of the California Non-profit Mutual Benefit Corporation Law and any other applicable laws, and subject to any limitations of its Articles of Incorporation and

Bylaws, the *Corporation's* activities and affairs shall be managed, and all corporate powers shall be exercised, by or under the direction of the Board of Directors.

Board of Directors

Only business owners or business owner's representatives paying the *District* assessment may vote in annual elections of the *Corporation*. And only business owners or business owner's representatives paying the *District* assessment may seek serve on the Board of Directors of the *Corporation*. The Board of Directors shall consist of nine (9) directors unless changed by amendment to the Bylaws of the *Corporation*.

Board members, officers, and members of the *Corporation* shall represent the assessed lodging businesses and further their economic interests.

Board Nominations & Elections

Elections to the Board of Directors will be held annually. A call for self-nominations will occur annually and all self-nominees will be listed on the ballot for Board elections. In addition to, or in the absence of, self-nominations, the Nominations Committee of the Board may put forth a slate of nominees at each election.

The procedure for nominations and elections, including the timing for nominations, and the protocol for distribution and collection of ballots, is defined in the Bylaws of the *Corporation*. The *Corporation* will annually arrange for the *City*, or the *City's* designee, to administer, count and report the results of the balloting for Board elections.

Board Officers

Officers of the Board of Directors shall be elected by a majority vote of the Board at the first regularly scheduled meeting of the Board following annual Board member elections.

Board Standards and Conduct

The *Corporation* is organized as a 501(c)6 mutual benefit corporation, and its purpose is the management of the resources of the *District*. The primary measures of the *Corporation's* success will be the exclusive privileges and specific benefits it delivers to the assessed businesses. Because the delivery of a specific measurable benefit to the assessed businesses is required by law, and is the primary legal purpose of the *Corporation*, it is recognized that members of the Board of Directors, through their assessed businesses, will receive benefit from the activities of the *Corporation*.

In addition, the *City's* enabling *procedural ordinance* recognizes, analogously to the 1994 PBID Law, that the *Corporation* is a "private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose." Notwithstanding the foregoing and regardless of state allocations for mandate reimbursements, the *Corporation* shall comply with the Ralph M. Brown Act, California Government Code §54950 *et seq.*, at all times when matters within the subject matter of the *District* are heard, discussed, or deliberated, and with the California Public Records Act, California Government Code §6250 *et seq.*, for all documents relating to activities of the *District*.

Furthermore, the *Corporation's* Board of Directors shall comply with the California Corporations Code and shall develop internal policies defining standards, responsibilities and conduct for the Board of Directors.

A Volunteer Board of Directors

The members and officers of the Board of Directors of the *Corporation* will serve as volunteers. They will receive no compensation for their service individually or collectively. They are not entitled to, nor may they make a claim for, reimbursement of any personal or professional expenses attributed to their service. Other than Directors and Officers Liability Insurance no benefits such as, but not limited to, health insurance, worker's compensation insurance, disability insurance, reimbursement of out-of-pocket expenses, or paid vacation, will be provided.

Limiting Contact Between Applicants and the Board of Directors

It will be vital that the application and allocation process for funding from the *Corporation* be open, fair, and efficient. To this end, the written submission of an application and supporting materials, as well as any public presentation that may be required from applicants, will be the foundation for Board discussion and deliberations. Board members are encouraged to limit their contact and communication with applicants regarding their applications or proposed application to open and public meetings of the Board and its committees, and to disclose any extra-meeting contact or communication prior to participating in the consideration of that applicant's submission.

C. Report of Activities

Annual Report

The *Corporation* shall cause to be prepared annually a report for the coming fiscal year. The first report of the renewed district will include the activities for the first eighteen months of operation, from January 1, 2013 through June 30, 2014. The final report of the renewed district will include activities from July 1, 2052 through June 30, 2053. Every fifth year, a Milestone Report shall be submitted instead of the Annual Report, which shall include all of the information required in the Annual Report.

The report may propose changes, including, but not limited to, the boundaries of the *District* or to any benefit zones within the *District*, the basis and method of levying assessments, and any changes in the classification of categories of business if a classification is used.

The report shall be filed with the *City* by mutually agreed upon dates pursuant to the operating *Agreement*, and shall refer to the *District* by name, specify the fiscal year to which the report applies, and with respect to that fiscal year, will contain all of the following information:

- Any proposed changes to the boundaries of the *District*;
- The activities to be provided for that fiscal year;
- An estimate of the cost of providing the activities for that fiscal year;

- The method and basis of levying the assessment in sufficient detail to allow each business owner to estimate the amount of the assessment to be levied against his or her business for that fiscal year;
- The estimated amount of any surplus or deficit revenues to be carried over from the previous fiscal year; and
- The estimated amount of any contributions to be made from sources other than assessments levied pursuant to this *Plan* as necessary to ensure that assessment-funded programs directly benefit assessees alone.

District Milestone Report

The *Corporation* shall cause to be prepared a retrospective and prospective *District* Milestone Report every five (5) fiscal years for which assessments are levied. This *District* Milestone Report will include the required annual Report of Activities for the prospective fiscal year. The first *District* Milestone Report of the renewed *District* will include the reporting of results for the initial period of operation, from January 1, 2013 through the date of preparation of the report. The final Milestone Report of the renewed district will include reporting of results from July 1, 2048 through June 30, 2053. Reports for the intervening period will include reporting of results for the prior five (5) years. Reports will be submitted to the *City* on agreed upon dates pursuant to the operating *Agreement*.

The report may propose changes, including, but not limited to, the boundaries of the *District* or any benefit categories within the *District*, the basis and method of levying the assessments, and any changes in the classification of benefit categories or categories of business, within categories, if used.

The report shall be filed with the *City* on agreed upon dates pursuant to the operating *Agreement*, and shall refer to the *District* by name, specify the five (5) prospective fiscal years to which the report applies, and with respect to those five (5) fiscal years, shall contain all of the following information:

- Any proposed changes to the boundaries of the *District* or to any benefit categories or classification of businesses within the *District*;
- The general activities to be provided for the next five (5) fiscal year cycle;
- An estimate of the cost of providing the activities for the next five (5) fiscal year cycle;
- The method and basis of levying the assessment in sufficient detail to allow each business owner to estimate the amount of the assessment to be levied against his or her business for each fiscal year for the next five (5) year cycle;
- The estimated amount of any surplus or deficit revenues to be carried over one year to the next for the next five (5) fiscal year cycle; and
- The estimated amount of any contributions to be made from sources other than assessments levied pursuant to this *Plan* as necessary to ensure that assessment-funded programs directly benefit assessees alone.

The *City Council* may approve the reports as filed by the *Corporation*, or may modify any portion of the report and approve it as modified. Such modification shall only be made subject to the noticing provisions of San Diego Municipal Code sections 61.2519 and 61.2520. The Council shall not

approve a change in the basis and method of levying assessments that would impair a contractual obligation of the *City Council* or approved by the *City Council*.

D. Modifications of Plan

The *Corporation* may, at any time, make a written request that the *City Council* modify this *Plan*. Any modification of this *Plan* shall be made pursuant to SDMC §61.2520, as that ordinance now reads or may hereafter be amended, but shall include prior written notice of the proposed modification to assessed businesses and a noticed public hearing on the proposed modification.

E. Modifications of District Operating Agreement

Appendix 1 – Definition of Lodging Establishments

For the purposes of the assessment levied in connection with the renewed District:

1. The assessment shall be calculated as a percentage of the Assessable Rent of each lodging business.
2. “Lodging Business” means a business, other than a recreational vehicle park or campground, that is a “hotel” pursuant to SDMC Section 35.0102. Lodging Business does not include a business whose principal purpose is to rent rooms for occupancy to tenants for use as a primary residence, such as a Single Room Occupancy (SRO) Hotel.
3. “Assessable Rent” means “rent,” as that term is defined in SDMC Section 35.0102, subject to the exclusions set forth in SDMC Sections 35.0111 and 61.2516.

For reference:

SDMC Section 35.0102 defines “hotel” as “any structure or any portion of any structure which is occupied, or intended or designed for Occupancy, by Transients for dwelling, lodging, or sleeping purposes, and is held out as such to the public. ‘Hotel’ does not mean any hospital, convalescent home, or sanitarium.”

Each notice shall state the estimated total initial annual *assessments* for the entire *district*, the duration of the payments, the reason for the *assessment* and the basis upon which the amount of the proposed *assessment* was calculated, and a specific formula in sufficient detail to allow the *business owner* to calculate the proposed assessment on the *business*, together with the date, time, and location of a public hearing on the proposed *assessment*.
 - (4) If the proposed *assessment* formula is based on gross room revenue, the amount of the proposed *assessment* for each identified *business* shall be estimated based on gross room rental revenue for the City’s most recent complete fiscal year.
 - (5) Each notice shall also include, in a conspicuous place, a summary of the procedures for the completion, return, and tabulation of the ballots required pursuant to section 61.2508(a)(6), including a statement that the *assessment* shall not be imposed if the ballots submitted in opposition to the *assessment* exceed the ballots submitted in favor of the assessment, with ballots weighted according to the proportional financial obligation of the affected *business*. The City shall give notice by mail at least 45 days prior to the date of the public hearing upon the proposed *assessment*. On

the face of the envelope mailed to the *business owner*, in which the notice and ballot are enclosed, there shall appear in substantially the following form in no smaller than 16-point bold type: “OFFICIAL BALLOT ENCLOSED.” The City may additionally place the phrase “OFFICIAL BALLOT ENCLOSED” on the face of the envelope mailed to the *business owner*, in which the notice and ballot are enclosed, in a language or languages other than English.

- (6) Each notice given pursuant to this section shall contain a ballot that includes the City’s address for receipt of the ballot and a place where the person returning the assessment ballot may indicate his or her name, a reasonable identification of the *business*, and his or her support or opposition to the proposed *assessment*. Each ballot shall be in a form that conceals its contents once it is sealed by the person submitting the ballot. Each ballot shall be signed and either mailed or otherwise delivered to the address indicated on the ballot. Regardless of the method of delivery, all ballots shall be received at the address indicated, or the site of the public testimony, in order to be included in the tabulation of a majority protest pursuant to section 61.2508(a)(8).
Ballots shall remain sealed until the tabulation of ballots pursuant to section 61.2508(a)(8) commences, provided that a ballot may be submitted, changed, or withdrawn by the person who submitted the ballot prior to the conclusion of the public testimony on the proposed *assessment* at the hearing required pursuant to this section. The City may provide an envelope for the return of the ballot, provided that if the return envelope is opened by the City prior to the tabulation of ballots pursuant to section 61.2508(a)(8), the enclosed ballot shall remain sealed as provided in this section.
- (7) At the time, date, and place stated in the notice mailed pursuant to section 61.2508(a)(3), the City shall conduct a public hearing upon the proposed *assessment*. At the public hearing, any person shall be permitted to present written or oral testimony. The public hearing may be continued from time to time.
- (8) At the conclusion of the public hearing, a person or persons designated by the City shall tabulate the ballots submitted, and not withdrawn, in support of or opposition to the proposed *assessment*.
- (9) The City Council may, if necessary, continue the tabulation at a different time or location accessible to the public, provided the City Council announces the time and location at the hearing. Technological methods may be used in the tabulation of the ballots, including, but not limited to, punchcard, or optically readable (bar-coded) ballots.

- (10) A majority protest exists if the ballots submitted, and not withdrawn, in opposition to the proposed *assessment* exceed the ballots submitted, and not withdrawn, in its favor, weighting those ballots by the amount of the proposed *assessment* to be imposed upon the identified *business* for which each ballot was submitted.
- (11) If there is a majority protest against the imposition of a new *assessment* or an increase in an existing *assessment*, the City shall not impose or increase the assessment.
- (b) In addition to the requirements of section 61.2508(a), the City shall also comply with California Government Code section 54954.6, as it relates to adopting any new or increased assessment.
