
San Diego Tourism Marketing District Funding Guidelines

Mission

The San Diego Tourism Marketing District is a nonprofit mutual benefit corporation dedicated to improving lodging room night consumption in the City of San Diego.

Purpose

The specific purpose of this private, non-profit corporation is to create a positive economic, fiscal, and employment impact on the lodging businesses in the City of San Diego through the effective allocation of its revenue to stimulate incremental hotel room occupancy in the City of San Diego. The Board values the hard work and commitment of all entities that engage in the marketing and promotion of the City of San Diego as an overnight visitor destination, but places particular value on activities that build upon the current measure of hotel occupancy, including events and activities that are in the conceptual stage.

APPLICATION GUIDELINES AND REQUIREMENTS

General Application Guidelines

The SDTMD Corporation is not a sales or marketing entity, but rather a funding conduit to contractors* for development and implementation of effective sales and marketing programs and services that are intended to motivate the rental of hotel rooms in hotels with seventy (70) or more rooms. The SDTMD is responsible for allocation and distribution of available funds and contracts with qualified third-party contractors to supply specific sales and marketing programs and services as approved by the Board of Directors.

Each applicant is required to submit an “Application Request for TMD Funding” for specific sales and marketing programs that will provide unique privileges and specifically benefit assessed hotels within the District. Each application requires information about the applying organization or entity, as well as a budget proposal and narrative specifying how the proposed funds will be spent, and the expected result(s) in City of San Diego lodging room night revenue.

To allocate funding to marketing and sales programs, the SDTMD Board of Directors must find that each will be likely to generate incremental room night sales at assessed businesses. The purpose of any funded activity must be to generate such sales.

Marketing and Sales Programs: Stipulated Requirements

To guide *District*** contractors and ensure direct benefit to assessees***, below is a partial list of requirements to receive district funding:

- It is required that all recipients of District funds certify that those funds will be spent to provide exclusive privileges and/or specific benefits only to District assessed hotels and not directly to any other, non-assessed businesses. To the extent that other, non-District, lodging businesses may receive incremental room nights, that portion of the promotion or program generating those room nights shall be paid with non-District funds.
- It is required that all recipients of District funds demonstrate availability of other additional non-District sources of revenue, which they will contribute to the promotion or program to pay for any incidental benefit to non-District hotels with seventy (70) rooms or more.
- It is required that all advertising materials and media include a call-to-action that directs consumers exclusively to District lodging businesses.

*A contractor is an entity that applies for and is granted funding from the SDTMD.

**Within the boundaries of the City of San Diego.

***Lodging businesses with seventy (70) or more rooms located in the City of San Diego.

Funding Awards

Fundamental to the funding of any application will be the clearly articulated projected incremental room demand caused by the proposed event. The specific benefit must be projected in the incremental delivery of hotel room night sales to assessed hotels. Incremental is defined as paid room nights in excess of what would be consumed without the proposed event. Successful applications will clearly describe the strategy and tactics for delivering incremental room night sales, as well as the estimated resulting number of room night sales and resulting gross room revenue.

Decision Criteria

When considering applications, priority will be given to:

- Overall ROI
- Events that occur during the low-travel season (aka ‘off-peak’) time of year.
- The Executive Director can help you identify ‘off-peak’ dates
- The opportunity to incubate NEW demand generating events and activities from concept to actualization
- Incremental* hotel room consumption
- Applicants who can quantify past successes
- Special-need geographic locations within the District; ie. generally, outside of the downtown core has greater value. The Board of Directors values geographic diversity as a means of balancing demand throughout the City of San Diego
- Past contractor compliance history
- Premier events that elicit prestige and enhance the reputation of San Diego as a “world-class, must-see” destination.
- Events that align with San Diego’s Brand pillars: sports, outdoors, culinary, arts and entertainment.
- Events that generate national/international media coverage:
 - Media Coverage** of the event:
 - Network TV
 - Cable Network
 - Radio Broadcast
 - Live Streaming

***Provide media markets, air dates, air times, projected ratings, impressions/circulation and audience demographics*
 - Media promoting the event***: which media outlets will promote viewership of the event?:
 - Network TV
 - Cable Network
 - Radio Broadcast
 - Print
 - Digital Channels
 - Social Platforms and Handles

****Provide media schedule including media markets, dates, times, impressions/circulation and audience demographics.*

*Incremental hotel room consumption is the number of hotel room nights projected to be occupied beyond prior year average occupancy levels. 95% is considered to be the ceiling occupancy level. For example, if the event is over a Peak period, that means the maximum potential incremental hotel room consumption is 5 points of occupancy.

Determining ROI

All successful applicants for funding must clearly demonstrate a measurable ROI based on room revenue for the program they propose. ROI projections in the application will be assessed by an independent 3rd party to ensure reasonableness. All ROI results will be calculated following the event or program by a third-party entity funded by the SDTMD.

FUNDING ELIGIBILITY

Track Record: An applicant must have demonstrable history of successful, ongoing programming or business performance prior to submitting an application. However, the Board also embraces new events and will consider a thoughtful business plan and credible articulation of the future potential of a new event. This is the incubator genre of applicant previously described.

Location: Regardless of where an applicant is headquartered or physically located, or where a particular marketing program is implemented, 100% of the funding received from the SDTMD must be in support of programs that provide privileges directly to the assessed hotels within the City of San Diego.

Compliance: Former contractors of the City of San Diego and/or SDTMD must have submitted acceptable deliverables on any completed contract and be in good standing with the City of San Diego and/or SDTMD.

ADA: Contractors will comply with the federally mandated Americans with Disability Act. Contractors and subcontractors will be individually responsible for their own ADA compliance.

EEO: Contractors will comply with Title VII of the Civil Rights Acts of 1964, as amended; the California Fair Employment Practices Act; and any applicable federal and state laws and regulations herein enacted, as well as the City's Non-discrimination in Contracting Ordinance.

Drug-Free Work Place: Contractors must provide a drug-free workplace.

COMMITTEE REVIEW

- A Committee comprised of the Third-Party ROI Contractor, TMD Board Members, SDTA Executives and the TMD Executive Director will review the Third Party Report to ensure that the application appropriately projects the ROI.

- Once any agreed upon modifications are made, the Third-Party Report is submitted to each individual TMD Board Member along with the respective Online Application.

PUBLIC PRESENTATION

The SDTMD Executive Director may schedule respective organizations to present their application to the Board of Directors for review at public meetings.

SDTMD BOARD REVIEW PROCESS

The formal SDTMD application review process will consist of two phases to be held in a public meeting setting.

1. Annual Funding Competitive Application Review:

Phase One: The SDTMD Board may review and discuss all applications individually at public board meetings. *Applicants will be requested to provide an oral/multimedia presentation not to exceed 10 minutes, unless otherwise directed by the SDTMD Board.* These presentations shall coincide with the application review and will be scheduled in advance.

Phase Two: After the formal application review process (Phase One) is complete for all annual applicants, all programs will be prioritized by the SDTMD Board. At a public meeting, the Board will then evaluate the relative value and need of each program to determine the level of funding, if any, of each program based upon the “Phase One” reviews, recommendations, and the estimated availability of funds. There is no guarantee of funding for any application.

2. Supplemental Funding Review:

After all Annual Funding Programs have been reviewed and allocated by the SDTMD Board and **if** SDTMD funds are available, qualifying organizations may apply for Supplemental funding such as a single event or a specialized sales/marketing program at other times of the year.

Qualifying “short term” initiatives may be applied for after the Annual Application deadline. All such proposals are required to follow the SDTMD application format and submit to the SDTMD at least one month in advance of the next regularly scheduled Board of Directors Meeting, unless directed otherwise by the SDTMD board or staff. A preliminary discussion with the Executive Director should be scheduled prior to the submittal of the application.

Phase One and Phase Two may be combined with funding determined immediately upon Board review.

APPEALS PROCESS

Written appeals may be made after Board decisions are rendered. In a public meeting, the SDTMD Board shall consider appeals and will vote on final recommendations.

Appeals may be based only on two grounds:

- A material misstatement(s) by the Board during the review process of factual information contained within the application such that it negatively influenced the Board's evaluation of the applicant's request for funding; and/or
- Incorrect processing of the required application materials such that it negatively influenced the Board's evaluation of the applicant's request for funding.

Dissatisfaction with an application's denial or ranking is not sufficient grounds for an appeal. Additionally, an appeal may not be used to correct incorrectly stated or omitted information made by the applicant in the application.
